Dear Sir:—In reply to your favor of
October 1st, we would say that the
article in the Brockville newspaper to
which you refer is not correct. We
sell egg coal and stove coal at nine
dollars and chestnut nine twenty-five
per ton delivered in Brockville.
Yours very truly

Dr. W. B. REYNOLDS,
Brookville, Oct. 2nd, 1877.
N. Allen, Esq.,
Belleville.
Dear Sir,—Replying to your letter
of October 1st, I advise that the
Brookville newspaper item of coal be-
ing sold her at eight-fifty, was evident-
ly a "printer's dream." Since April

coal has been sold at following prices: egg and stove coal at nine dollars not delivered, chestnut at nine twenty-five delivered, pea at eight dollars, not delivered.

Add to the above charge twenty-five cents per ton for carrying on the level and fifty cents for carrying or hoisting into flats or upstairs apartments.

Yours truly,
J. R. BRENNAN & SON.

CAPTAIN BURNHAM WEDDED

Considerable interest was displayed among the many friends of Capt. J. H. Burnham, M.P., when the news of his marriage was made public. The

of his recent marriage to Miss Christina McOllchrist, of Ottawa, was announced. Capt. Burnham spent many months at Barrifield Camp last summer.

DROWNED WHILE FISHING

PERTH, Oct. 4.—Willfred Cooper,

20 years of age, son of Mr. Henry Cooper of North Burgess, was drowned in a small lake adjoining Black Lake while fishing. The canoe, in which were Cooper and a companion, James Burns, was upset while the latter was attempting to land a fish, and Cooper failed to come to the surface. His companion was rescued after clinging to the canoe for over an hour. The

his official report, says: "During the month of September, we captured a total of 5,296 German prisoners, including 146 officers. We also captured during the same month eleven guns, including three heavy pieces."

No fewer than 135 Oklahomans have been indicted en masse for seditious conspiracy.

DAY BY DAY IN THE CANADIAN ARMY

Lights and Shadows of the Soldiers Life in the War Zone as Depicted by a Popular Belleville Officer on Active Service in France

The following interesting letter to a friend in this city from Lieut. Dan Cameron, of Belleville, on active service overseas, gives a little insight into the daily life and personal relationships of Canadian soldiers who are fearlessly fighting. Here are bullet points and shafts of day that freedom may be won from the earth.

France, Sept. 15, 1917.
Many times since leaving Belleville, I've had it in my mind to write you, but my life has been so crowded with incidents that it is not a lack of topics of interest which has given me pause, but rather a difficulty in choosing among the many, a few of more absorbing attraction than the others. Another line that has kept me very silent for many months is that words are cheaper than deeds, and that, in these strenuous days we have had to endure, and you have had enough, in fact too much, by eye, and a corresponding lack of muscular energy to come something. The less is the better, and it behooves me to tread warily.

To me, too, some, in the past few months, the proud privilege of going through the valley with those splendid boys who are now united under the Eastern Ontario Regimental flag, and I wish earnestly to tell you a few things about them—how they carry and have their being, and how they carry on unflinchingly the great traditions to which as Canadians they are the proud heirs.

Who-did-say I'm in my platoon, but a habit of placing his hand on his chest, and striking an attitude, or, as he follows: "The spirit of the

troups is wonderful!" It is a favorite trick of Li, and the glorious part of it is that, upon inspection, it is that our boys can ride over mud, dirt, danger and death and come out on top, smiling, ready for the next, whether it may be.

"While out of the line the boys have a fairly good time; do very little work actually, and particularly around pay day appear to put in one continuous round of pleasure—a simple and aboriginal round, it is true, just as it was in the days of the cavemen."

THE OLD BAY SHIRAZ.
I can never give you a more accurate to the equity of meeting a Belleville boy on the street in a tiny French town, each trying to dodge the mud, and saying, "How goes it, Bill?" or "How goes it, Tom?" with a smile, and you have had enough, in fact too much, by eye, and a corresponding lack of muscular energy to come something. The less is the better, and it behooves me to tread warily.

"To me, too, some, in the past few months, the proud privilege of going through the valley with those splendid boys who are now united under the Eastern Ontario Regimental flag, and I wish earnestly to tell you a few things about them—how they carry and have their being, and how they carry on unflinchingly the great traditions to which as Canadians they are the proud heirs."

MISERABLE FROM STOMACH TROUBLE

Felt Wretched Until He Started To Take "Fruit-Lax" Tablets

Mr. CHARLES R. MORRIS.
"For two years, I was a miserable sufferer from *Stomach and Bowel Trouble*. I had frequent *Diarrhoea*, and when I took food, felt wretched and sleepy. I suffered from indigestion dreadfully, with pains in my back and joints, and my hands aching. A friend advised 'Fruit-Lax' and from the outset, they did me good. After the first box, I felt I was getting well, and I can truthfully say that 'Fruit-Lax' is the only medicine that helped me." LOUIS LARUE.
He is a box of the B.L. 20, told him, the Atal doctors ordered postpaid by Fruit-Limited, Ottawa.

Canadian boys are in for many a year, denied to others under the same flag, and I believe it is partly due to the fact that the French are very grateful to the Canadians for having come so far to help their cause, and also because our boys (most of them) have a better understanding of the value of BACON AND TEA, PIPING HOT. We do a great deal of marching, sometimes great distances, but much of the time we are just sitting and jokers and good-natured bantering pass the tedious away, and we generally cheer our feet without losing a hair, having possibly seen a distance which in civil life would have been a life. One night we left the line at about seven p.m. and marched a good few miles through the mud or less silent night, with occasional shells to help us on our way, and reached our destination, tired and hungry, just as day was breaking. To find in front of us the first thing I ever saw in my life—a steaming rock-wool full of delicious porridge, and, alas, all piping hot, and most trying to eat. The officers

were, farthest down the way, but we were a morning about that! Here right in front of us lay *Stomach and Bowel Trouble*, and as a soldier means to think of his food and time opportunities as they present themselves, we all proved ourselves masterful in the end. To march ten miles, shell favor, in the night, to be able to thoroughly appreciate the full, first favor of porridge and bacon, washed down by a bowl of tea, and you don't worry about the bread of china, either.

THE STERNER SIDE.

There is a stern side to this struggle, and it is in the thick of it that one realizes what a glorious thing it is to be a Canadian, fighting under the Union Jack. No very long ago a spot, a night, one particular night among others, on the front line, under our barrage thrown over in five or six drawn spots, to break counter attacks directed at our position of the line, and it is under such conditions that one can see what men are made of. It is a wonderful picture every one on the parapet, in a great battered brick, giving no protection whatever, machine gun basting every man every along the trench, every man's life in his hand, without food, and a lock in his eye which means only one thing for any foe who might get along through the barrage. Early in the morning early came across him. I don't think any of them returned. It's no wonder to me how the Canadian have won such a favorable reputation. The cost to them has been great, and with the backing retained is as certain as the flight of

NEED CANADA'S FULL SUPPORT

The need for support and help is greater than ever, and for the sake of Canada's men let us not grow used to the way in which the Canadian boys are doing their best. They are doing their best, and making our boys feel that home, they have a cut of jaw between them, each one a certain amount only, with each skilled judgment of quantity which comes with long experience. I have never yet heard a real argument over the cost, but it is the best of all, and our boys must have this unflinching

There is nothing those boys of ours is a spirit of thoughtfulness for each other that is absolutely remarkable and one of the splendid things of this awful struggle. Instances: Tom, Bill, Dick and Harry are Company Runners. The company are very hard on the boys, and in a dugout making a thick, soapy squalid coat by beating a canteen of water over a can full of burning candle grease. Probably Tom goes over in B.R.2, but there are always two kept for him and anything else which may have been needed. TINY DICK.

I would like to tell you a simple tale of how difficulties are overcome. One night I had charge of a party of sixty carrying trench-mortar bombs—large in size with a long shaft, each weighing sixty pounds. The going was bad—very bad indeed. It was raining, and the ground was so soft that the bombs were a job. There is in the company a boy named Dick, a naturally fast runner with a high, girlish voice. He was very anxious to get to the bomb he was carrying. As we reached he dropped his bomb with a bang and someone said "Cherup your bomb, don't be discouraged!" He looked up with a "reel" and piped out: "Good heavens, who would I be discouraged after?" and they all cheered, instead of being burdened and staggered after the night. There is always some platoon leader, a nerve-racking source of torment, to lead the altar leading to the chod.

THE ROAD TO UNDERSTANDING

I think that more intense sketching of the soldier's life for day to day, more intense knowledge of what he has been through, will in the days come help Canadians to understand him more clearly and tenderly when he comes home in the war, seared by the smoke of war, and with a little impetuous, a shade harder to manage, than of yore. Will this knowledge which is now being gathered particulars for the sake of those at home, unconsciously give us a barrier to a complete understanding of the soldier and his ways? I wonder! It's a vast subject, "agony in grief," and its solution will be of moment when it comes to Canada in the days to come."

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to include all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any Exemption Tribunal. Those found physically fit may still apply for exemption on any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible the very important information as to their status under the Military Service Act.

Unprecedented Losses Inflicted on Foe

Sold Well: Bursting Shells Ploshed Through Fire Divisions of Enemy's Picked Troops in a Hurricane of Death Leaving Countless Numbers of Dead Amid a Terrible Destruction—Broken Prisoners in Gas-gas a Final Sight—British Artillery Swoops All Before—German War Machine Bends and Breaks Before Britain's Mighty Power.

British Front in France and Belgium, Oct. 6.—British arms achieved one of the greatest victories of the war in the tremendous assault against the German positions west and southeast of Ypres. Indeed, when the whole story of this battle has been told it may take its place as an unequalled triumph of three years of conflict, for each successive report from the fighting soldiers along this front adds to the importance of the success recorded.

From a point near the Ypres-Britain railway on the north, the Ypres-Ménin Ridge, "the south, the men of the British Empire have surged forward" with an irresistible force which all some places carried them to a depth of 3,000 yards from the German front. The British positions in the Paschenche-Gheluvelt ridge system of defenses. On the northern wing of the advance, the British have reached Poperinghe and Ghentwalle, and have overrun most of the Ypres-Ménin Ridge, and on the west to the Paschenche-Gheluvelt ridge system of defenses. On the northern wing of the advance, the British have reached Poperinghe and Ghentwalle, and have overrun most of the Ypres-Ménin Ridge, and on the west to the Paschenche-Gheluvelt ridge system of defenses.

Reports from the British front in France and Belgium, Oct. 6.—British arms achieved one of the greatest victories of the war in the tremendous assault against the German positions west and southeast of Ypres. Indeed, when the whole story of this battle has been told it may take its place as an unequalled triumph of three years of conflict, for each successive report from the fighting soldiers along this front adds to the importance of the success recorded.

Unprecedented Losses for Foe
Not only have the British won a great victory, but they have inflicted losses on the enemy which are unprecedented in the history of the war. The British have captured a large number of German prisoners, and have taken a large number of German guns and other equipment. The British have also captured a large number of German tanks and other armored vehicles.

At many places German war in force or were captured in large numbers as British attack began. STANFORD'S UNSHRINKABLE SUPERWEAVER

Owes its Comfort, Warmth and Wear to Detailed Care in the Making

Thorough sorting, washing and processing of Stanford's wool produces the cleanest, softest, fluffiest material that can possibly be used for underwear.

Stanford's secret process takes the "shrink" out of the wool in the washing, before it goes to the knitting machines.

Expert cutters fit Stanford's Combinations and Two-piece Suits as carefully as a tailor fits a high-priced suit.

The finished garments are again thoroughly washed, and rinsed in distilled water.

Then, after every particle of "shrink" has been removed, each garment is checked for size on a standard frame, ensuring perfect fit.

Stanford's Elastic Inseamers prevent pulling or binding, and give delightful freedom.

Stanford's Adjustable Sleepers and Adjustable Combinations for growing children are the most practical and most wear ever designed for the kiddies. The movable buttons on the waist permit frequent adjustments corresponding to growth. No separate "waist" is needed, and the detachable lower part of the garment is particularly convenient in the smaller sizes.

He is now being taken to the island of Martin Garcia, where he will be kept in the camp under military guard until an opportunity is found to send him out of the country.

FOUGHT BATTLE ON THE BALTIC

German and Russian Light Naval Craft Come in Contact

PETROGRAD, Oct. 12.—The Germans are still continuing preparations for an attack on the Russian Baltic fleet. In the Gulf of Riga Wednesday eleven enemy motor boats appeared, but were dispersed by the coast batteries.

"On the Baltic Sea Monday," says today's official report, "Russian scouting centers encountered in the line Channel five enemy cruisers and destroyers and attacked them. One enemy vessel was set afire. The enemy retired southwards."

"On Monday fourteen enemy submarines approached Ciel in the island of (Pseel), known of them fired mines on our transports at Altona. Yesterday eight enemy submarines attacked without result the batteries at Ciel."

Ciel and the village of Mendo, six miles to the north-east.

"On Monday our machine dropped twenty bombs on Rostovna station and on the Riga station. We brought down six enemy airplanes in the Riga region. In the neighborhood of Rostovna French aviators brought down six enemy machines in flames."

ABRASSING OF CHARACTER

There is a class of alleged news which no decent paper carries for and that is paragraphs contributed by people who wish to injure some other character or feelings. The intelligence will not publish this class of alleged news if we can help it and those who are so persistent in sending in certain objectionable paragraphs about their neighbors will receive attention which will be far from pleasant if the practice is not discontinued at once. It is a good maxim to "said your own business and keep out of trouble."

SHOOTING AFFRAY IN COURT

HAMMILL, 18d., Oct. 12.—During two revolvers were used in a violent affray which broke out in the courtroom of the District Court today.

The affray was then shot and seriously wounded by two court attendants.

"Darkness . . . but look! In Heaven, a light,
And it's shining down . . . God's accolade!
Lift me up friends. I'm going to win—my cross!"

From "Tricolor," by Robert Service

TO the sick and the wounded, the British Red Cross ministers according to the highest traditions of the Hospitaliers, or Knights of St. John of Jerusalem.

Small wonder, then, that their insignia dawn upon many a sufferer's returning consciousness as God's Accolade!

To Ontario is given the privilege of once more leading the Empire in aiding the work of the British Red Cross, by contributing generously to its cause.

On "Our Day"—October 18 Let Your Gift Be Generous

A Few Facts About the Work of the British Red Cross

The British Red Cross Society is the only institution which carries voluntary relief forces on land and sea in every region of the War.

It is worth therefore the courtesy of all classes of British subjects, whether British or Canadian, to the British Red Cross Society, in the Dominion and Colonies beyond the seas, or in foreign countries.

IN GREAT BRITAIN

\$100,000 for initial outfit in providing and equipping, after-care institutions for totally disabled men.

\$100,000 for materials for Red Cross Working Parties.

40,000 books and magazines supplied weekly for the sick and wounded.

400 Motor Ambulances, Cars, etc., for Home Service.

25 Command Depots and Convalescent Camps regularly visited and supplied with Comforts and Games.

The Home (London, Eng.) administration and management expenses (estimated 20th October, 1916, represent 15c per cent of the total expenditure. Audited accounts have been supplied to the Canadian Red Cross Society.

Red Cross work costs over \$300,000 per week or \$30 a minute.

CURIOUS INDIAN ROCK PAINTINGS

MANY a mystery remains to be solved concerning the Indian in his earliest stage of tribal existence. Especially is this so regarding the rock paintings, or the crude art known as petrography, some fine specimens of which are to be seen on the Band Windermere Road, south of Golden, B.C. on the C.P.R.

[illegible]

The second illustration here shown deals with the splendid specimens found on the great Mississippi River on the lake of that name, ten miles from the mouth of the Mississippi River in Ontario. These come out very similar when wet, the dull red blemish there showing a remarkable clear black. Many objects may be here stored, such as a man on horseback, a canoe with a man standing in it; a moose and a dog and a tree, suggesting a hunting scene. It is thought they may form records of olden battles fought between the Algonquias or Hurons of the North and the Iroquois

One would like the curtain of time to be rolled back long enough to see the bearded artist of long ago at work, and to learn from him something of the significance of his gallery of rock paintings that now haunts his successor, the pale face.

Drawings of Indian rock paintings on a cliff on Lake Minnegan.

On the Banff-Windermere Road. Where the rock paintings are found.

TO THOSE WHO HAVE THOUGHT OF BUYING A CHALMERS CAR

An arrangement has been effected whereby the Maxwell Motor Company has leased for a period of five years the properties of the Chalmers Motor Company. The immediate effect of this transaction is:

1. The Chalmers car will be continued under the Chalmers name for a period of five years.
2. Those distributors or dealers who have been successfully marketing the Chalmers car will continue to do so.

The appraisers of the property and their engineers report the current Chalmers model a good car and the Chalmers plant a wonderful factory.

The first move we have made is to increase the efficiency of the Chalmers organization.

The second move was to place behind the Chalmers car the resources of the Maxwell Motor Company.

This is a business transaction between two automobile companies of probably no more than ordinary interest to the public but important to you if you have thought of buying a Chalmers for these obvious reasons:

1. You obtain a good car.
2. You obtain a car produced in a magnificently equipped plant.
3. You obtain a car produced by an organization materially strengthened by the addition of able executives.
4. You obtain a car produced by an organization materially strengthened by additional financial resources.
5. You obtain a car from a distributor or dealer who will have the support of this organization.

In this way all three of us prosper in the transaction.

BRITISH CONSULS
SUSPECT PRISONERS

"Brave" Fritz Revolved in Bulwark and British Consuls
Held Prisoners—Even German Red Cross Marks
Refused Copy of Cold Water to Suffering

Will arrive, in Philadelphia Saturday

Two days after the battle of
Mons, in a brief first period between
military and military arrest, I
together with Gerald Morgan, was
blinded my way from Brussels to
Mons on an order to pass German
lines which we knew very well was no
good in the zone of operations. In a
half-decayed railway station between Bruse-
lles and Mons, we walked and
diedly into a station that I shall re-
member so long as I have memory.

KICKED PRISONERS.

British soldiers, for almost
marching the soldiers, but without
arms. Before, and strong out from
their tanks were German soldiers,
their guns along over their backs
looking stout and stately beside the
athletic half-blood of these Engli-
shmen. A very tall sergeant was at the
head of the procession. His blue eyes
in on us. We must have shown our
own features and our clothes, in that
foreign land, that we were one of his
men, for his expression, "With the
devil are you?" Others caught his
look. One tall man in Highland uni-
form even turned around to regard us.
Whereupon a little German guard,
teasing along with his hands deep
buried into a flood of impassioned lan-
guage and kicked him. The road Bri-
tish soldiers of the prisoners they
twisted was knotted to see. They
were turned their eyes from the kick-
ers, and they fled from the prisoners
They marched on with unintermit-
ted force, their faces ahead; but
now and then one of them, speaking
out of the corner of his mouth, as
concrete do, repeated his own lan-
guage and terrible Anglo-Franco.

"Of late had their stories of spit-
ting and vomit on the English and
their cheeks, the English and their
as they, like the waste and filthy de-
struction of French soldiers, have al-
ways seemed to me a more indecent
of the Germans than the actual ac-
tion. Soldiers may have the re-
fuge of battle heat and blood loss,
these things indicate a highly re-
sented spiritual outrage."

ITALY MENACED
BY A REVOLT?

Three Large Cities Held to be in a
State of Martial Law

NEW YORK, Oct. 12.—The Times

A "dread revolutionary movement is
developing in Italy."

No cable news in this effect has
reached this country.

European papers received here tell
of a serious state of affairs in that
country. The cities of Turin, An-
cona and Genoa have been de-
clared in the way these cities have
a state of martial law by a decree
issued by the Government after two
Chamber sessions in Rome (over) by
end of September.

This emergency action, according to
the Milan correspondent of The Lon-
don Daily Telegraph, was taken to cut
short socialist agitation leading to
civilian violence to strike, despite the
public spirit and civic-mindedness, but
by and through in local adminis-
tration by socialist Mayors or Socialists
Municipal Councils.

REIZED BLACK FOX

WORTH \$200,000

MONTREAL, Oct. 12.—Provincial
game inspectors seized a black fox
valued at \$200,000 at the C.P.R. station
here, because the necessary permit to
import it into the province of Quebec
had not been obtained. The law
states that a special permit must be
secured from the Minister of Marine
and Fisheries before a black fox can
legally be taken from one province
to another. The penalty for viola-
tion of this law is a fine of \$20 to
\$100.

NO ECONOMY IN CANADA.

MONTREAL, Oct. 12.—The great
cockney practiced in England is ap-
parently unknown here, said Lord
Northcliffe, head of the British War
Mission in an interview here.

"If the Canadians and English sol-
diers are to get their full ration, the
things are essential; a great deal
of money to produce more dogs, food,
clothes and butter, and an immediate
order on the part of the Canadian
government to reduce their personal ex-
emption of food."

DROPPED 5000 FEET INTO BAY OF QUINTE

Aviator Had Thrilling Experience in Making Solo Flight—Engine Stalled and Cadet Had to Pick Soil Spot to Land

An accident, which might easily have resulted in the drowning of a man, occurred at the Marine Corps, occurred at Deseronto. The flyer dropped his machine into the bay within half a mile of the shore. The machine landed in the Camp there are many cases of and learning to fly. One of these men, a flyer, as a soldier flying is called. "The flyer" was moving south, ward over the town. When he reached the shore, he was in a position to make a landing. ...FEED...
...SKIN...

"An eminent specialist tells us that every one of your skin was destroyed and it is as follows. It is obvious, therefore, that a diseased condition of even a small portion of the body's covering has injurious effects upon the health. Hence the necessity for keeping the skin free from disease, and for this purpose there is nothing so suitable as Zan-Buk."

Immediately a Sore, a Rash or any skin trouble makes its appearance it should receive prompt treatment with Zan-Buk. This rare herbal balm destroys all germs at once as applied and prevents the disease spreading. Then Zan-Buk grows new tissue, which replaces the diseased, and the skin is quickly restored to health.

Zan-Buk contains absolutely none of the coarse animal fat or mineral drugs found in ordinary ointments, which invariably irritate and inflame, and sometimes even poison the part they are intended to soothe and heal.

Speaker of Zan-Buk, the famous English Chemist, W. Lacroix Scott, says, "I have analyzed Zan-Buk and it is exclusively of vegetable origin. I have no hesitation in certifying its purity and value for skin diseases and injuries."

Zan-Buk is found in the houses of the best people of the Dominion today because of its unique composition, and once tried its reliability establishes it as their household balm for all time.

Zan-Buk is recommended for eczema, ringworm, nuptious sores, rashes, ulcers, boils, hemorrhoids, itching, skin eruptions, pimples, cuts, burns, insect bites, etc. It is sold in all drug stores and by mail order. Send for a sample free of charge. Write to the manufacturer, Zan-Buk Co., Ltd., 100, King Street West, Toronto, Ont. Canada.

Popular Officer Was Honored

LI-COL. WILLIAM BROWNE FRISKE
FROM HIS STAFF ON BATTING
FROM DISTRICT-HOSPITAL

An interesting event occurred at the Kingston Armoury on Saturday last, when LI-Colonel W. B. Wilson, of the 1st Battalion, the retiring D.A.A. & Q. M. G. of Military District No. 2, was presented by the officers and subordinate staff of his branch with a large and beautifully framed photograph of the members of the staff.

The presentation was made by Major W. J. McEwen, the senior officer in the assembly, who, in a few well chosen remarks referred to the great regret of the staff upon the departure of this popular officer, and to the affectionate regard in which he was held by all under his command. LI-Colonel Wilson in thanking his staff for their kindness, referred to the efficiency of the branch, and to the harmonious manner in which the work was carried out, and expressed the hope that the staff would work as loyally for his successor as they had for him.

Major T. Ashmore Kidd, Captain J. Chas. Newell, Captain and Chaplain Rev. W. F. Fitzgerald, and R. F. Davidson, Esq., also spoke in praise of Colonel Wilson. Sir Major W. B. Ross and Sergeant H. Hough spoke of the affection with which he had commanded the kind and considerate attention of Colonel Wilson, who, as one of his admirers aptly said, "is the most unselfish gentleman I have ever met."

LI-Colonel Wilson was one of the most popular officers in the Third Military District, and was especially loved by the "rank and file," who know that in him they had a staunch friend and champion. His staff could command the kind and considerate attention of Colonel Wilson, who, as one of his admirers aptly said, "is the most unselfish gentleman I have ever met."

Under his control, the branch of the Deputy Assistant Adjutant and Quartermaster General developed into a model of efficiency, and was especially commended in every detail, and each clerk was alive to the importance of his work; all worked harmoniously in an endeavor to maintain the high reputation of the branch.

Colonel Wilson underwent on many occasions to proceed overseas, but his application were invariably refused, and he is in use of his services in Canada in connection with the organization and administration of the branch.

He has performed services equally as valuable as any returned officer, and it is a great regret that the Government will recognize his efforts in a faithful and well on over that was instrumental to him, and which is usually unappreciated by the general public who imagine that every officer should proceed overseas. It will be a great loss to the branch if he is to retire without the full appreciation of his services performed by the Government.

Troops Approve Union Cabinet

LONDON, Oct. 16.—The cabinet announcement of the formation of a union government has given much satisfaction to Canadian troops here, in England and on a visit to the front. The Mail and Empire, a representative Canadian newspaper, has heard many reports that the Dominion's prestige should suffer through internal dissension, in France soldiers point out that while they were fighting with only one and a half view, those at home were largely fighting for their own ends. An officer on leave who is prominent in the Liberal camp in the Maritime Provinces told "The Mail and Empire" that he and many others could not vote for any but conservative supporters, and were relieved at the report of the inclusion of Liberal provincial members in the government.

The generally expressed opinion of officers and men on active service is in favor of a vigorous withdrawal policy with the sharing of internal legislation until the soldiers return. A proposal is afoot to establish a branch of the Great War Veterans' Association in England, in order to coordinate the interests of soldiers on the side. Of these there are several hundreds already, the majority of whom intend to return to Canada. The provincial secretary is a well-known journalist of the West, who is allied with the first contingent, and

Voted \$125,000 for British Red Cross

TORONTO, Oct. 16.—In two minutes yesterday afternoon the City Council voted \$125,000 as the city's contribution to the British Red Cross Fund. The Council met at 4:15 and adjourned at 4:47, many old members remarking afterwards that it was the shortest meeting on record.

Mayor Church explained that the Board of Control recommended the increase in the grant from \$75,000 last year because of the work of the British Red Cross was twice as heavy this year. The resolution was moved by Councillor Cameron and seconded by Councillor Shaw.

SEVEN PERSONS KILLED WHEN TRAM HIT AUTO

DETROIT, Oct. 16.—Seven persons, one man, two women and four children, were instantly killed last Sunday afternoon when the automobile they occupied was struck by a Michigan Central passenger train near Warren village about 15 miles north of here. The dead, all of this city, are—Mr. and Mrs. Jas. J. Piel, and their two children, Ralph and Helen, 3 and 5 years old respectively; Mrs. George Henry and her two children, Mary and Tom, 1 and 3 years old respectively.

Fusion Candidate Urged for N. Essex

WINDSOR, Oct. 16.—Relating to the background of all party strife and animosity among the politicians on the hands of the Robert Borden and the new union government in the "newspaper" policy. Liberal-Conservative of North Essex in convention assembled here yesterday afternoon by a unanimous vote decided to defer for the time being the selection of a candidate to contest the riding in Conservative interests in the hope that an election in North Essex may be avoided by the selection of a fusion candidate.

ELECTORS WILL VOTE ON MUNICIPAL COAL YARD

Council Decides to Place Matter of Civic Coal Yard before the Voters at the Municipal Election—Routine Business Occupies Attention of City Legislators

At a regular meeting of the City Council held last evening the business transacted was of a routine nature, and the session was not a long one. A motion was adopted to have the election at the municipal election vote upon the proposition of establishing a municipal coal yard. Some other matters of minor importance were attended to.

The members present were: Aldermen Woolley, Deacon, St. Charles, Whelan, Platt, Robinson and Parks. Ald. Deacon moved, seconded Ald. Whelan, that Ald. Woolley act as Mayor in the absence of Mayor Robinson.

Ald. Parks moved in amendment seconded by Ald. Platt, that Ald. Woolley be the acting Mayor.

Upon a vote being taken Ald. Woolley was voted in the position.

Minutes of the last regular meeting were read and confirmed.

Communications, petitions, accounts were on motion laid upon the table and the Council went into committee of the whole on reports, etc., Ald. Parks in the chair.

A GRIEVANCE.
Mr. Daniel Stapley addressed the Council, stating that Mr. R. Byles was doing emergency work. He had taken away two dead horses and was doing other sanitary work which the speaker was entitled to do.

Mr. Stapley was informed that the matter would be looked into.

The accounts recommended to be paid by the various civic committees were passed without discussion, also a few extra accounts.

A communication from the Ontario Department of Agriculture was on motion referred to the Executive Committee for consideration.

COAL MATTER.
Ald. Robinson said he received a letter from Peterborough in reference to the coal situation, but the information as to where that city procured the coal was not divulged. They were now charging \$10 per ton. In Peterborough, but those purchasing coal at that price might have a refund. This was presented from a letter at Buffalo. There had been a great deal of talk to the matter recently. The committee rose and reported. The matter was referred and adopted.

ENQUIRIES.
Ald. St. Charles—Who rented the old building which the city had bought for a fire hall at \$1000?
Ald. Woolley—The building had been rented to St. Albert at \$200 per month.
Ald. St. Charles—Mr. Albert was not put on and the Sanitary Inspector demands that curbsmen be placed in the building.
Ald. St. Charles—Could we have the fountain near the market moved to the spring up Front street, where the water is good?
Ald. Woolley—We could not do that a good office.

AMT. PARKS.—What about the sidewalk in front of Mr. Bishop's maid, once on Mohr street? It was in a dangerous condition.
Ald. Woolley—Make a motion in reference to the matter.
Ald. Parks—The report of the bridge St. West bylaw. It is not in the bylaw as to the specifications. The City Engineer should have this matter attended to.

The matter was referred to the city engineer.

AMT. ROBINSON.—By what authority was Ald. Woolley appointed acting Mayor during Mayor Robinson's absence from the city?
Ald. Woolley—I was not appointed acting Mayor. I have taken no steps to act as Mayor.
Ald. Platt—What about the sewer being constructed on a portion of Hillier Avenue. Some residents are waiting it.
Ald. St. Charles—Can't a walk be constructed near Mr. Callaghan's grocery store on Franklin street. It is at present a mud hole.
Ald. Robinson—Something should be done in this matter.

MOTION.
Ald. Parks moved, seconded by Ald. St. Charles, that home be returned from the sidewalk in front of Mr. Bishop's house on Mohr street and a walk, as to some money be made. Carried.

Ald. St. Charles moved, seconded by Ald. Robinson, that a gravel walk and crossing be constructed in front of Mr. Callaghan's grocery on Franklin street. Carried.

Ald. Platt moved, seconded by Ald. Robinson, that the election of the city be allowed to vote on the question of a municipal coal yard at the next municipal election. Carried.

A COMPLAINT.
Mr. J. Burgess was at this stage of the proceedings allowed to address the Council, alleging that he had complaints against Mr. Gardiner, manager of the gas works, relative to an order of the city which had not been paid for, as to some money for the extra charges of gas.

The matter was referred to the next meeting of the Gas Committee, and Mr. Burgess was requested to attend the meeting when Mr. Gardiner would be present.

Ald. Parks gave a brief verbal report of his attendance at the recent annual municipal association meeting at Toronto. A lengthy report on resolutions presented and adopted was laid upon the table.

Council adjourned.

Canada's Potatoes Not for Britain

OTTAWA (Oct. 16.)—Lord Rhonda, British Food Controller, has forwarded to the High Commissioner for Canada in London a memorandum regarding the importation of Canadian potatoes into the United Kingdom. The memorandum states that the Government will not permit the export of potatoes to that country as all available Canadian potatoes are required to maintain the supply of the essential food stuffs as when the British and the importation of Canadian potatoes. It is estimated that there will be in the United Kingdom this season a surplus of about a million tons of potatoes over the normal consumption.

MOTHER'S CAKE INFLANDERS

Belleville Soldier Treats Chums and all Enjoy the Cake From Home

Gunner W. C. Rigns, a former inmate of the Indianapolis, writes his mother that he is in good health and excellent spirits, and had just finished to the last crumb the cake that mother made and sent across to him as her soldier son. He gave all his chums a piece and there was Christmas joy and thoughts of a wonderful mother's love every day, in the hearts of those soldier boys, as each thought of the cake his mother made to make. The cake reached the firing line in good condition, and was welcome victual.

Gunner Rigns speaks of a surprise visit he had from his Belleville soldier, Walter McKee, Harold Davis, Harry Baleman, "Boss" Donohoe, and Lou Gendler. There was a joyful reunion and many happy recollections of good old Belleville on the bay.

Belleville boys are to be found in every unit says Gunner Rigns, and surely will represent on the fighting line.

Kindly Thoughts for Monsignor Murray

Protestant Clergy Congratulate Pontiac Priest on Jubilee Anniversary of His Ministry

The celebration of the fiftieth anniversary of St. Br. Monseigneur Murray as a priest of the Roman Catholic Church, was marked by many expressions of the universal respect and esteem in which he is held. As pastor of St. Xavier Church, Belleville, he is loved and respected by a large congregation, and in addition enjoys the respect, and esteem of the citizens of Belleville. The priest of the city of Belleville is a grateful tribute to his great jubilee. The celebration of a kind of complimentary resolution by the Protestant Ministerial Association, which was transmitted to Monsignor Murray in the following letter:

To the Reverend Monsignor Murray, Belleville.

My Dear Monsignor—The Belleville Association at its last meeting passed the following resolution and asked me as Secretary of the Association to forward copy of same to you in recognition of the jubilee of your ministry as a Priest of the Roman Catholic Church.

We moved by R. M. Hamilton, seconded by Mr. Dr. P. L. Richardson and carried unanimously.

"That the Belleville Ministerial Association learnedly that our esteemed fellow-minister, Monsignor Murray, has reached the fiftieth anniversary of his ministry as a Priest of the Roman Catholic Church, and that, as his congregation are offering their appreciation of Monsignor Murray's long and untiring and distinguished ministry, this Association is glad to offer their congratulations in the hope that our distinguished neighbor may be long spared to enjoy the friendship, fellowship and confidence of his fellow citizens."

Personally I wish you many years of comfort in your life amongst us, therefore believe me to be, With every good wish, Yours very sincerely, R. M. Hamilton, Secretary, First Presbyterian Church, Belleville, October 6.

Union on War Basis Popular in Canada

Congratulations on Formation of Union Government Porting

OTTAWA, Oct. 16.—Congratulations upon the formation of a new Government are pouring in upon Sir Robert Borden from all parts of the country. They would appear to indicate that the union of the "war parties" under the leadership of Sir Robert is popular throughout Canada.

Eric George H. Johnson, of Nova Scotia, who is expected to join the Cabinet, has not yet communicated his decision to the Premier, nor has the War Minister, of the Cabinet been formed. It is expected that it will consist of Sir Robert, Borden, Sir Thomas White, Mr. Arthur Meighen, Hon. N. W. Rowell, Mr. B. C. Carroll, and Mr. Macdougall, the Hon. S. C. McPherson.

Liquor in Egg Shells SOLD TO SOLDIERS

HALIFAX, Oct. 16.—The allent state of liquor to soldiers landing here from hospital ships is causing the returned Soldiers' Reception Committee and temperance organizations to demand action by the cabinet. According to members of the Reception Committee, there were about 200 "bootleggers" plying their trade in Halifax. Six hundred returned soldiers, landing at the pier last week, had only "a few" days, and being without funds, the military authorities arrested each about 10c. The first night after the men returned to the pier in had competition, as a result of liquor, and the staff there was kept busy all night in attempting to keep the men with, perhaps, one case each of liquor, and the military authorities arrested each about 10c. It was alleged that liquor was put up in egg shells and sold to the soldiers.

The military authorities had suspected not paying the men, but when keepers had complained that such action was had for the city. Halifax is a city.

Mayer Martin and the Controller of the police ordered the police to arrest "bootleggers," and many policemen were sent out in plain clothes today to search for the liquor vendors.

SOLD RENTED FURNITURE

William Gump Samuel McMillan, recently "moved" to the city by Detroit, on an unusual case of stealing a household of furniture, is alleged that they rented a furnished house from Mrs. Mary James, on King Street, and after taking furniture, sold the latter furniture to a second-hand dealer.

NEW GOLD DISCOVERY

CORRAL, Oct. 17.—A new discovery of gold is reported to have been made in the vicinity of Corral, a short distance from the T. and N. O. Railway. The discovery was made in a quartz vein, which is heavily impregnated with gold.

Other discoveries were made in this township some two years ago, and a number of claims staked. However, development work on the early discoveries did not prove very promising and many of the claims were allowed to lapse.

With the news of this recent discovery quite a number of prospectors from Corral and Haliburton have come into the district and a number of claims have been recorded. With the excellent results being obtained near Kenora/Lake, where the Lucky Strike is meeting with much success, and when the fact that the Kirkland Lake and Boston Creek mining fields are situated only a few miles apart of this latest discovery is remembered, it would not be surprising if a considerable rush would ensue, although there is not much land open for staking owing to the large number of veteran claims in this township.

May Represent Canada in U.S.

OTTAWA, Oct. 17.—Hon. J. D. Hearn, who has just arrived from the Government, in which he held the office of Minister of Marine and Fisheries, has spoken at length to the first Canadian High Commissioner appointed to this position is under consideration by the Government, which is understood to have taken the question with the British and United States Government. The motive for the appointment of a commissioner to the United States is to facilitate communication between the Governments of the two countries. At present Canada's relations with the United States Government is transacted through the British Foreign Office and the Ambassador at Washington. This arrangement has had the double disadvantage that it frequently led to delays, and that under it Canada was not represented in Washington by an official acquainted with Canadian conditions and affairs. Mr. Hearn's appointment would remove both disadvantages. He would be able to act directly between the two Governments. He has a knowledge of Canadian affairs, for instance of those fishery questions which have from time to time arisen between the two countries. Mr. Hearn has not been appointed High Commissioner as yet, but it is expected that he will be when the status of the new office has been defined.

RED FLAG WAS BOISTED ON GERMAN DREADNAUGHTS

AMSTERDAM, Oct. 16.—The first time that the Wilhelmshaven sailing occurred on board the Kaiser, the Westfalen, the Prinz Regent, and the red flag on these vessels, and more responded in the collection. This move coincided with previous and threatened to kill all sailors who refused to obey. The sailors then there overpowered several of the officers, including the commanders of the Kaiser, the Westfalen, and the Prinz Regent, and more were also shown the flag.

CANADIAN CHAPLAIN BY A GERMAN SHEL

LONDON, Oct. 17.—Capt. the Rev. D. C. Ross, a Baptist minister in Saskatchewan, is in hospital bed, suffering from shell shock, sustained while struggling to save officers in a shell, who had been wounded by a previous shell. While doing so, he was shot, buying Mr. Ross. He recovered consciousness some hours later, and died an anesthetic, thus ensuring ventilation until rescue came.

Anger and commotion have stirred

Protestants by the publication of an official statement on the indignities practiced towards helpless Russians in Germany.

Those who have done more than forty speeches to mobilize Russian opinion against the Germans. It is a calculated attack on the nerves and on the soul of Russia, comparable to what the war has made of France's spirit by the leveling of her historic towns. But, instead, a wild plea for her forsaken victims compatriots has taken hold of Russia.

What has stirred the Russian imagination is the "improbable wall of secrecy," the deliberate mystification, the petty torturing of consciences, the theft of Russia's food, the opening and tearing of their letters, the "immeasurable terror" of the starvation plan, the overworking with intent to kill—all the "redoubtable barbarity of the country bearing the name of Germany."

The country says the official statement, in spite of the representations made by the central committee of the Red Cross Society, is not disposed to accept any kind of proposal leading to the amelioration of the lot of prisoners of war on the basis of the maintenance of the principle of reciprocity, clearly not being desirous of listening to the voice of humanity and sympathy towards the suffering men.

The report says Germany stubbornly refuses to give access to the suggested proposal concerning the reciprocal release of Russian prisoners and hostages, the fate of a new route for the victims of tuberculosis cases, and the termination of the use of means of communication of inmates.

Germany is not fulfilling her accepted obligations as to the imprisonment of inmates of war in neutral countries, and she is illegally detaining inmates who are totally unfit for military service. Germany does not allow appeals from her authorities or to the Society of the Red Cross to reach their destination.

NEWSPAPER WON ACTION

TORONTO, Oct. 16.—The judgment Judge Dutton in the action of the Mail Printing Co. v. Brantley has been upheld by the Court of Appeal at Quebec Hall. A verdict was entered into for the use of 10,000 square feet of space at a time to be used within twelve months.

A conviction of it was that "if more or less space than one month the schedule rates would be applied."

The applicant Brantley contended that after three months the paper should be published free of charge, and although the bill 10,000 feet of space had been used during the three months, the court had ordered there was a breach of the provision where he could use more space in the allotted time of one year. The court held that the applicant had to be paid for the space, but that it was not to be paid for the actual and direct charges connected with costs.

Eczema Cured Five Years Ago

A Treatment Which Has Proven a Wonderful Healer of the Skin—Certified Evidence of Lasting Cure.

Jordan, Oct. 11.—The old notion that eczema is a disease of the blood is a false one and time again by the cure that are daily being effected by Dr. Charles O. Whitwell. It matters not what the cause may have been. If you apply Dr. Charles O. Whitwell regularly you will obtain relief and cure of eczema. Here is the proof.

Mrs. Stephen G. Whitwell, Box 205, Jordan, Ont., writes: "My brother had a bad case of eczema on his legs. He was troubled nearly all one fall and winter with it, and could not work for days at a time. He tried different medicines and ointments, but none cured him. One day he tried Dr. Charles O. Whitwell, and it gave instant relief. He continued his use, and he was cured. It is now over five years since he was cured, and he has never returned. We certainly recommend Dr. Charles O. Whitwell, and are very grateful for my brother's cure."

A method of preserving the natural colors of flowers consists in dusting salicylic acid on the plants as they lie in the press and removing it with a brush when the flowers are quite dry. Red colors in particular are well preserved by this agent. Another method of applying the same preservative is to use a solution of one part of salicylic acid in fourteen of alcohol by means of blotting-paper or cotton-wool soaked in it and placed above and below the flowers. A row of boracic acid yields nearly as good results.

C. B. Ballantyne, the Minister of Marine and Fisheries in the Union Government at Ottawa.

New Firm

A new firm is making quite a big hit in a species of American moccasins. It is a long haired set of pretentious grey moccasins with dark brown leather trim. The moccasins are applied to rabbit fur will be introduced as a fall novelty. Very brilliant colors are used in the garments, with special value to attract women and increase the sale. Prospective a series of velvet or a handsome ribbon is applied along the heads of the opening. The leading fall fashions of the garment, it adds interest to the new firm.

Fire in Northern Ontario

It is now a little over a year ago when a forest fire occurred in New Ontario, which destroyed great areas of timber owned by the Government of Ontario. This year, according to reports received from the Chief Ranger of the Department of Lands, Forests, and Game, the fire occurred in the Province of Ontario, there have been several forest fires. In battle figures show \$150,000,000 victory loan is big, and what it has done is still greater. The loan is the largest in the history of the Dominion. It is the largest in the history of the Dominion. It is the largest in the history of the Dominion.

Helping Run the War.
Money is the "nerves of war." The most manhood of this country has been for three years maintained a noble and honorable record on the battlefields of Europe. But it is not all that is required of us. In the words of the Prime Minister of Great Britain, "the million dollars" may win the war, but the million dollars may not win the war. The million dollars may not win the war. The million dollars may not win the war.

Think of how they overseas will feel from day to day when they read that the people of Canada are taking up the 1917 Victory Loan. They will know that it is the training of England, it will be the training of England, it will be the training of England. It will be the training of England. It will be the training of England.

It is not how much the banks and loan insurance companies have purchased of the 1917 Victory Loan. It is not how much the banks and loan insurance companies have purchased of the 1917 Victory Loan. It is not how much the banks and loan insurance companies have purchased of the 1917 Victory Loan.

Do I have to pay a broker to buy one for me?
No, sir. You can go to any of the banks and buy one for me. You can go to any of the banks and buy one for me. You can go to any of the banks and buy one for me.

Will Canada's \$150,000,000 victory loan mean anything to the man of small means—to the wage earner?
Ask yourself the question. Ask yourself the question. Ask yourself the question. Ask yourself the question. Ask yourself the question.

WINS THE MILITARY CROSS

In the Special Supplement to the "London Gazette," issued 17th September, it is stated that the M.C. was awarded to Capt. Edward Frederick Ellis, R.F.A., for the act of bravery thus described:

"While constructing observation posts on two separate occasions he displayed the utmost disregard for his own personal safety when the parties he was in charge of had serious casualties. Under heavy fire he withdrew his party in a place of comparative safety, and returned and proceeded to collect the wounded and get them away, remaining for half an hour in the shelled area until all were clear. By his special coolness and deter-

mined example he so influenced his men that the work of evacuating the wounded was promptly and successfully achieved."

Lieut. Edward Frederick Ellis is on the staff of the Canadian Pacific Railway, Registrar's Department, London, and joined the colours in October, 1914. The Canadian Pacific Railway has made a big contribution to the war power of the British Empire. Figures up to October 1st are interesting: Out of the 55,000 permanent employees of the company 7,000 have joined Force, and there are 4,400 C. P. R. men in the navy. This shows that about 11 per cent. of the total employees have enlisted.

515 have been killed, and 1,111 have been wounded, showing that 25 per cent. of those who have gone figured in the casualty list. The C. P. R. has been represented almost everywhere there was a fight against the Central Powers on land and sea, and the sphere of battle as they were the former railwaymen have proved themselves as efficient in the service of the Empire as the former engineers. Many of them have been awarded titles of distinction. However, of the various allied armies who fought from the service of the C. P. R. first objective when he perceived that a machine gun in the final

The death in action of Capt. W. H. D. Bennett, who went overseas with the Montreal Highland unit recruited by Lieut. Col. (now brigadier general) Loomis, is reported. Capt. Bennett was formerly a car checker in the services of the C. P. R. at Montreal, but was granted a commission and promoted for distinguished ability while on active service. Writing of the action in which he met his death, Col. McQuinn says in part: "He had just taken Major MacFarlane's company over the top," when he was hit, but still carried on, and had reached the first objective when he perceived that a machine gun in the final

trench was doing damage to his men. Gathering together three men, this party made a dash for the gun, which they captured, but unfortunately as they started, Capt. Bennett was shot through the body near the heart. He went to him to lend aid, but his only remaining bulletman (Capt. Bennett refused to be drawn, and ordered the subaltern to go forward, at the same time directing him to move his men to the right to cover their proper front. He died a few minutes after. We hope that his name will be added to those who have won the most coveted war honor. He was a gallant officer, and his work was second to none in the battalion."

NO ONE TO BEAT FOR BRUCE MILLER'S DEATH

Verdict of Coroner's Jury Into Death of Bruce Miller Exonerates from Blame any G.T.R. Employee—How the Accident Occurred—Several Witnesses Examined

"Who the parties culpable in the death of the youth who was killed by a train which he stepped upon on October 10th, 1917, from injuries received when struck by the engine in the yard at Belleville, we find also that the deceased was in the performance of duties when struck, that it was an accident and in blame is attached to no employees of the railway."

Such was the verdict rendered last night by a coroner's jury which, after listening to the circumstances regarding the unfortunate accident, and examining the witnesses, including Mr. Bruce Miller, the passenger on the train, and the driver of the engine, and the witnesses to the accident, and the coroner, Mr. Justice Arthur, representative of the Crown.

John R. Archibald testified that he was Bruce Miller, baggage man on the Major train, who remains unscathed by the accident and was present at the hospital and taken to St. Peter's hospital, where he died. He said nothing about the accident.

James H. Bird testified that he was a G.T.R. engine and on the day of the accident was in charge of engine No. 5033 on train No. 14. His engine was sent off from Belleville station was going to the northbound. The engine was going about four or five miles an hour. He was on the second crew. The first witness he had of the accident was when he saw the body of the deceased on the tracks. He was injured, Miller was assisting in making up his train on the "Miller" train. He was not on the engine at the time. He was not on the engine at the time. He was not on the engine at the time. He was not on the engine at the time.

DR. MICHAEL CLARK REE DEER'S CHOICE

REED DEER, alias, Oct. 24.—From the Liberal and Conservative. The first federal election was held in the first federal election. The first federal election was held in the first federal election. The first federal election was held in the first federal election.

Michael Clark put in nomination as a Conservative opponent. J. F. Day

The convention was held in the Army building, attendance being usual.

In a powerful speech providing information, Clark explained the nomination to accept a Liberal Liberal

that he was standing in the same position as the Liberal Liberal.

His former leader's words on that occasion in the first federal election would offer an criticism of the Liberal Liberal.

The Duty of the Hour.

The party system has been so long in vogue that most Canadians are linked up with any party or the other more or less closely. Some indeed almost make a religion of their politics and view the world with suspicion and distrust any one holding political opinions at variance with their own. This abnormal frame of mind is the result of long association with one set of ideas in numerous stages during several generations and the close study of political literature and history from one standpoint only. The hide-bound parrot is the delight of party managers for they always know where to place him, and need waste no time endeavoring to make his vote for one party or the other. There are those who are more or less independent in their political relations and whose votes are influenced by particular parties having a direct bearing on the present or future interests of the nation.

The Government in Canada at the present time is too new to be properly assimilated as yet with the readjustment of opinion and the breaking down of political partisan prejudices which is one of its chief objects to be properly effective. Union Government is non-partisan government, not controlled and directed by the brightest minds of both political parties in Canada and to be of the greatest service must have the support of the electors of both political parties in a given case and to be of the greatest service must have the support of the electors of both political parties in a given case and to be of the greatest service must have the support of the electors of both political parties in a given case.

who have suffered the country fairly and well to be sacrificed.

Of course countries will have to be made both by electors and members of parliament to carry out fully and fairly the true spirit of Union Government, but was not to be waged without sacrifice both at home and on the battlefield, and the common goal will make the accomplishment of Union Government even more effective.

It is greatly to be desired that party strife and the bitterness of election contests may be eliminated as far as possible in the coming election and mutual agreements in the spirit of patriotic compromise should pave the way for many elections by acclamation.

Union Government. Our Duty—No Division. It is the desire of the Union Government that all members of parliament, Liberal and Conservative, who support the Union Government, should be recognized as such. The Ministry of the day should be recognized as such. The Ministry of the day should be recognized as such.

It is difficult for individual members of parliament to hold views to a proper conception of Union non-partisan Government. It is doubly so for a party newspaper. The non-partisan government, not controlled and directed by the brightest minds of both political parties in Canada and to be of the greatest service must have the support of the electors of both political parties in a given case and to be of the greatest service must have the support of the electors of both political parties in a given case.

Laurier's Refusal Was a Crime

Says Hon. Albert-Savary in Quebec Speech—Could Have United Party

QUEBEC, Oct. 24.—An interview here, Hon. Albert-Savary, Minister of Agriculture, affirmed that Sir Wilfrid Laurier committed a crime in refusing to unite the two great parties in the Dominion. He said that if that of his members, who wanted to see their skill and not their honor, he would have done so. He said that if that of his members, who wanted to see their skill and not their honor, he would have done so.

Biggest Surprise of His Life, He Says

Williamson Finds Relief From Troubles of Five Years Standing

"I have never been so surprised over anything as I have over the results of this in my case," said William Williamson, a well-known actor, who was in the city last night.

"My history has been, decidedly, for the last five years," he continued, "but during the past year after almost all in and kept on feeling miserable until at the last I had terrible pain across my back, especially when I stepped over anything or tried to lift anything, then I began to feel it in my right leg and finally I could not walk at all."

"The pain was so sharp and cutting at times I would almost drop in my tracks. My appetite went right back on me and nothing I would not stand still for a long time."

"I could hardly sleep, I could not find any sleep of the bed to the floor and I was in a state of mind that I could not sleep at all."

"I had been reading about Dr. Williams' Pink Pills for Pale People and had no faith in anything. In fact, I was depressed and discouraged and felt that nothing could help me but one day I dropped my hat and saw a bottle of Dr. Williams' Pink Pills for Pale People."

"I had been reading about Dr. Williams' Pink Pills for Pale People and had no faith in anything. In fact, I was depressed and discouraged and felt that nothing could help me but one day I dropped my hat and saw a bottle of Dr. Williams' Pink Pills for Pale People."

A HOT SCAP
Seneca Haystack, the noted Japanese star, will be seen at the Palace tonight. He has been a member of the Japanese Imperial production of William McCarty's "The Great Escape." He was one of his famous fight scenes in this production. This time it is with Tom Moore. Moore is a good one without saying that the fight scene was a good one.

The latest chapter of the "Gray Ghost" serial and a comedy will also be exhibited.

CANADIAN PACIFIC OBSERVATION CARS IN AUSTRIA, 1913 NOW SAID TO BE USED AS HOSPITAL CARS

Information given to the Washington Herald states that the Canadian Pacific Railway Company has agreed to lease the German Observation Car train on the Austrian State Railways for a period of one year, with the option of extending the lease for another year. The train was intended to interfere with the traffic, but which met with no success owing to the cave with which the Canadian Pacific Railway train had before any protection, shows that the Germans have not yet forgotten the Canadian Pacific for its role in the war.

It is remembered that in 1913 the C. P. R. operated an Observation Car train on the Austrian State Railways by initiating a direct steamship line to the Port of Trieste. The Observation Car train had the object of attracting the attention of the Austrian government to the Canadian Pacific Railway train, which had been each year to Austria, Tyrol, and at the same time providing facilities of travel in Austria for American tourists such as they

were used to in their own country. The Austrian experts appointed to investigate the unprofitable operation of the Observation Car train discovered that a very large proportion of the freight and passenger traffic for Austria and Southern Russia was being carried by short haul in the German freighters to Trieste, instead of through Austria to the natural port of Trieste. They further discovered

that the German steamship lines controlled the Austrian steamship line, and had allotted to the Port of Trieste only four per cent of the total exports from this part of Europe. Why, therefore, a non-German line such as the Canadian Pacific was called in to break up this monopoly and start a direct line of freighters to Trieste, there was great agitation in Berlin. In fact it was the German State Railways, who at that time were ex-

plotting the Austrians in their own interests, that they brought pressure through their War Office upon the Austrian Government to close the C. P. R. Office in Vienna and restrict its operations. No doubt the action of the Canadian Pacific in the first place to remember and try to visit their ships, on service, connected with Canada. The Observation Car train was said to be doing service as hospital cars in Austria service.

THE COMING DOMINION ELECTIONS.

The question is frequently asked, Why, under present circumstances when party has been abandoned and public men of most opposite views and opinions in politics have joined hands for the one purpose only—that of entering into an alliance for the purpose of adopting a policy having for its object the most effective way of rendering aid and assistance to the allied arms now engaged in the work of crushing the military power of Germany and Austria, should there be fighting contests in any constituencies where the candidates are supporters of the "Wilhelm-War" party? How particularly is this a pertinent question in constituencies where the candidates are those who held seats in the last parliament and who abandoned the policy of the Government on all measures proposed affecting the "vigorous policy of prosecuting such

Ugly Present Duty.

The patriotic policy of forgetting for the time being all political partisanship, and the creating of all controversial subjects which divide parties and sects, and the formation of what is fairly termed a "Wilhelm-War" party, is a policy which is approved by all patriotic men of each party. The denunciation of such policy as an abandonment of principle is ill-aimed, impolitic and incorrect. Parties have fought for their political and party coats for the time being and placed them upon hooks in their respective wardrobes, ready to be taken up at any moment when the German and Austrian hordes have been driven into their lairs, to ponder over their iniquities and taught a few practical lessons in the principles of freedom and democracy. When this has been accomplished, Grit or Tory can as he so inclined resume his old policies, garments and suits as he can again for the time being. Judgment are most in the interests of the Dominion.

Few Contacts Necessary.

Conservative members of the Government have announced the correct policy of the Government support to be tendered to re-election in the coming elections. The Hon. Charles, Cochrane and his associates are asked to reply to questions asked as to the Government's policy in constituency where a contest for the seats is to take place. the present in its policy and opposed the Laurier faction in their opposition to all effective measures introduced for the parliament. Those who have lost their loved ones in the contest now raging will answer the question when the time arises for action.

Longpoint Denies That He Is Dead
Writes to Tom Flanagan that He Is Very Much Alive

TORONTO, Oct. 20.—Tom Flanagan, the famous Indian marathon runner, who has been told unadvisedly reports of killed in action in France, is still alive. Captain Tom Flanagan, former manager of the Indian, who was once with the same Indian and has taken to Canada, had a letter from the Indian in which he mentions in the action against an Indian in the United States who has been reported to have been killed. Tom Flanagan describes some of his experiences in the Indian war, and says that it makes him sure to have been alive against the country having a good one in his report. He is still undergoing such hardships.

PECULIAR LETTER

The letter, written on October 30, is in the Indian's peculiar style. He writes to Tom Flanagan saying: "You do not want to be surprised to hear from the real, intelligent, mysterious longpoint. I want you to know to me a favor, if you please forward this letter to the Canadian Government, so that they can be sure of Canada's benefit. I am a very much alive, and I like to suggest something very useful for the present war as a citizen as a man."

He then goes on in his odd way of revealing his thoughts to intimate friends, and says that he would like to understand any message in his own language. He adds: "You may think this is because I want an easier job, but I know the Indian's mind is not like this. There is nobody else that can be my language. I am all alone, but I have education and I have a good mind. The Indian. I only believe me."

DON'T WORRY ABOUT SUGAR

While there is a considerable supply of sugar in Belleville the article is so scarce that it is not available in quantities sufficient to enable the city to supply the demand. It is anticipated by many shippers that there will be plenty of sugar in the market in the near future, and it is confidently expected that there will be a drop in price. Belleville dealers are optimistic and claim there is no need for any panic buying in regard to the supply of sugar.
